

Friends & Family of Over-the-Rhine (OTR) Living Water Church,

We are so thankful for your continual support, both in finances and through prayer, and would like to share with you how God has been working in OTR these past few months. Through many different occasions we have witnessed God's favor and protection over our church, and are stirred to more fervent prayer and worship to our Lord Jesus Christ.

July School of Evangelism + Children's Retreat

- We had about 120 student missionaries come to attend our 14th year of July School of Evangelism followed by a Children's Retreat. Praise God for the seeds that were planted in people's heart!

- Please pray that our church children may remember

all the lessons about His goodness and mercy, and that God may continue to change their hearts to be more like Jesus.

Interns

- We are so thankful to have 4 interns joining us this year: Christine (Symphony), Clyde (Kairos), Esther (Symphony), and Isaac (OTR).
- Please pray that they may adjust quickly, develop good relationships with OTR children and residents, and become more intimate with Christ.

Providence House Construction

- The Providence House construction is soon to be completed. We thank God for Ms. Linda Yen who helped us financially for this

project. A lot of time was spent putting up dry wall, installing electricity, and plumbing. There is still some work to be done with flooring, painting, and other finishing touches.

- Please pray for continual protection over the workers- may God continue to strengthen their hands.

New Worship Location

- The Prince of Peace church has been our home from the very beginning of OTR Living Water Church. However, a few months ago we were asked to find a new place to worship. It was challenging for us because we could not even find a location for July School. There were no churches in OTR that we could ask to rent from.

But praise God for His faithfulness- we were lead to this new church building.

- Praise God we are now in the process of purchasing this church building! We are so thankful to God and for all of the AMI churches that have contributed funds to allow us

- to purchase this building. The whole process in finding this building and acquiring it is evidence that God is the one who is leading us and providing all our needs.
- Please pray for the final stage of acquiring this building- that everything will go smoothly. The building will also need more classrooms, a kitchen, and roofing- so please pray for the renovation funding and right laborers.

We are overflowed with thanksgiving and feel so privileged that God gave us this opportunity to restore this church building that was closed. Please pray for us that when we complete and re-open this church, God will bring revival in this neighborhood!
